Between three and four hundred people attended the annual meeting at Norway Opera House, Monday. About a third were women, who voted freely, but entered no discussions.

Meeting was called to order by town clerk W. G. Conary, Henry B. Foster was chosen moderator. Heretofore, republican and citizens' tickets have caused more or less stir; this year the republicans at their caucus voted to join the citizens on a non-partisan basis. One ticket for the major officers went through without any contest.

George F. Hathaway was chosen as a selectman for three years, to succeed himself. W. G. Conary and Robert F. Bickford were also re-elected for one year. Bertram G. McIntire was elected a member of the school board to succeed E. N. Swett, who resigned; and L. M. Carroll was chosen auditor for the ensuing year. Several candidates appeared for the office of tax collector and road commissioners and the filling of these offices caused the only real excitement for the day. Eugene C. Libby polled a majority vote for collector on a 1 per cent bid, and succeeds himself. Harry A. Lovejoy, Albert A. Towne and E. S. Abbott remain as road commissioners.

The question of a union high school with Paris and the housing problem caused general discussion. Hon. B. G. McIntire, chairman of the investigating committee submitted three propositions, namely, a union high school; second, addition to the present high school building; third, a new building for the grades. The fourth proposition added was a new, independent high school building. As this important matter requires thorough investigation, a committee was chosen to take this under advisement and report at the next annual meeting. Members are Judge W. F. Jones, Hugh Pendexter, Hon. B. G. McIntire, L. M. Carroll and Edwin S. Cummings. Five hundred dollars was voted for that purpose.

The jury list of males was accepted. Voted to pay H. B. Foster \$5 for his services as moderator.

Woodrow Wilson Foundation
Funds for the Woodrow Wilson Foundation have been coming in steadily from various sections of Oxford County, but the question has been asked many times in regard to the date for closing this work. No time limit has been made and every one will have an opportunity to "do their bit."

If the local canvasser has not called, any contribution may be sent to B. G. McIntire, Norway, who is chairman for Oxford County.

It is hoped that every town and plantation in the County will be represented when the list is published.

The date will be announced later.

The supper and entertainment Tuesday evening given by the men of the church was highly successful. In spite of the rain the tables were crowded, at supper, and all remained to enjoy the fine program of music and readings provided. The company present enjoyed every number without exception. Mrs. Record's readings were of a high order, the violin selections by Mr. Cota were finely rendered and no less generous applause greeted the music by the talented, the male quartet consisting of L. Norway People Come Out as Frankly Here as Elsewhere

Norway people publicly recommend Doan's Kidney Pills. This paper is publishing Norway cases from week to week. It is the same everywhere. Home-testimony in home papers. Doan's are praised in fifty thousand signed statements, published in 3000 communities. Norway people are no exception. Here's a Norway Statement.

M. W. Sampson, prop., boat transportation business, 19 Bridge St., says: "It has been some time since I have used Doan's Kidney Pills, but from past experience I can recommend them to anyone in need of a good, reliable kidney medicine. A cold settled in my kidneys and brought on attacks of backache. I was lame and unable to move any way. The pain in my back was severe. My kidneys didn't act right and I had dizzy spells. A friend who had used Doan's Kidney Pills with good results advised me to try them so I went to Stone's Drug Store and got three boxes. After I had finished taking them the trouble left me and I have been free from kidney disorder ever since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sampson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

HEBRON

Mrs. Geo. Chase of Lewiston addressed the Current Events Club, recently. Her subject was "Americanization" and was well presented. Hon. Alton C. Wheeler of South Paris addressed the same club. His subject was "The Signs of the Times," and was very much enjoyed, both by the men and women as that was the subject of the night.

This club meets each week in the Library at Sturtevant Home and is made up of the women of the town and faculty. All the speakers have given instructive talks and the Club members feel that the meetings have been profitable.

There are several sick with the prevailing distemper. Among them are Mr. and Mrs. H. F. Glover and P. V. Everett.

SWEDEN

Black Mountain Calvin Briggs has moved the hen house from the Ed Berry place on the Lovell plains to his own yard. His horses, Guy Towers and Clayton Towers did the hauling.

Buster, Towers well known little black and white dog, who a few years ago went to Florida and back by auto with them met with a bad accident while around the manner she was caught, breaking her hind leg between the knee and hip. She was carried home, her leg set in splints and it is hoped she will recover.

Ed Berry and son Charles are cutting timbers on the Lovell plains.

They say, "it is the early bird catches the worms." Mrs. Guy Tower has 80 Rhode Island Red chicks hatched this week. We think the birds are early enough, but they will have to wait some time for the worms.

Mrs. Ed Tower visited her daughter, Grace at Lovell, Thursday afternoon. Mrs. Frank Emery told her they had parsnips for dinner dug from the garden that morning. When asked if they dug hard she replied the snow was nearly waist deep and the frost eight or ten inches deep. But the parsnips were pure and worth the trouble. It is not very often one has parsnips for dinner fresh from the garden Feb. 23 in this part of the country.

Truth is Mighty and Shall Prevail

The universal popularity of Studebaker Cars is attested by the fact that the corporation enjoyed the biggest business in its history in the year of 1921.

The sales of Studebaker Cars were 29 per cent greater than in 1920, notwithstanding the fact that the total number of cars sold of all other makes (except Ford) was 40 per cent less than in 1920. Stated otherwise, Studebaker's ratio of sales was 129 and the total of other makes 60, as compared with 1920.

The number of Studebaker Cars sold in the year of 1921 in both Greater New York and in the Metropolitan District exceeded the sales of any other make except Ford.

Studebaker is the world's largest producer of six-cylinder cars.

The only possible explanation of the popularity of Studebaker Cars lies in their quality, durability and dependable performance in users' hands. Proof that the cars stand up in service with minimum repairs is evidenced by the fact that our sales of Repair Parts in 1921 were 12 per cent less than they were in 1919, notwithstanding that 118,000 new cars were sold and put in operation in 1920 and 1921. Based on the total estimated number of Studebaker Cars in operation in 1921, we sold \$16.00 worth of parts per car for repairs from all causes, including accidents.

The material and workmanship in Studebaker Cars measure up to the highest standards known to the automobile industry. Substantially better intrinsic values cannot be obtained at any price. The theory that high prices necessarily mean fine cars is fallacious, simply because prices are not based upon intrinsic values but upon production costs of individual makers, which vary widely according to their ability and manufacturing facilities. Obviously, high costs of production, inevitably arising from incompetence or inadequate manufacturing facilities, mean not only high prices but actually inferior cars.

With \$70,000,000 of actual net assets including \$36,000,000 of plant facilities, Studebaker stands unsurpassed in ability and resources to manufacture economically and give the greatest intrinsic value possible for a given price.

from Mrs. Enrico

Chicago, Illinois.—"I took Lydia E. Pinkham's Vegetable Compound for a serious trouble. I had tried doctors and all said the same—an operation. At last I only felt the pain on my left side, but later I seemed to feel it on both sides. I am a power sewing-machine operator and have a little girl to support. I work in a tailor shop and that line of work has been very slack this year and I am home part of the time. I do not like to take any chances, so I consulted my friends, and one lady said, 'Take Lydia Pinkham's medicine,' so I did. I have felt better right along and am in good enough health to go to work. I recommend your Vegetable Compound and Sanative Wash to all."

The barber paints the big red nose,
The cleaner colors up your clothes,
The wife paints floors about the place,
The daughter paints her lovely face.

Mrs. Grundy paints us black,
Then others come and pass it back,
The politicians whitewash all,
The ugly guys you would see fall.

Nature paints, in spring with green,
In winter, with frost's silver sheen,
Earth is whitened with snow and ice,
Now let us all take her advice.

Why don't you paint your house and barn?
Slick up all things around the farm,
Paint the wagon and other rigs,
Likewise the house that holds the pigs?

Thanks, friend, for your good suggestions,
We have the paint with price reductions,
The quality to fill your need,
Is by Wadsworth Howland guaranteed.

This paint is made of oil and lead,
In colors green and tan and red,
And many tints of other hue,
Of white and black and slate and blue.

It helps the looks, preserves the wood
And makes the old home look so good,
In case with it you wish to part
It will bring much more in the mart.

Come right in and price our paint,
We're sure you will make no complaint,
It's priced just like before the war,
You will be pleased, we'll see you are.

John Henry Hazelton
A few evenings ago John H. Hazelton,
formerly of Norway was taken by sur-
prise in his home town of Westbrook and
this is what the Express had to say:

"The surprise advertised for last eve-
ning's meeting of the Saccarappa lodge,
I. O. O. F. were forthcoming and Past
Grand John H. Hazelton received his
share of them. He was first presented
with a beautiful 45 year veterans jewel
for having been an Odd Fellow over that
number of years. The presentation speech
was made by Past District Deputy, Er-
nest B. Rowe, who has long been associ-
ated with 'Uncle John' as he is fami-
liarly known to every Odd Fellow in this
section of Maine.

Mr. Hazelton had hardly recovered
from the first shock, when Past Grand
Joseph W. Bunnell presented him with a
beautiful watch chain and Odd Fellows
charm. 'Uncle John' is not often at a
loss for words, but last evening he was
silenced for a time. His response was
most feeling, as he thanked the brothers
for the beautiful gifts.

Mr. Hazelton has been an Odd Fellow
for 47 years. He is a Past Grand of Sac-
carappa Lodge, a past grand herald of
the Grand Lodge of Maine, past chief pa-
triarch of Cummings Encampment for
nine years and treasurer of Saccarappa
Lodge for seven years. He is president
of the board of trustees of Saccarappa
Lodge.

Mr. Hazelton is probably the best
known Odd Fellow in Cumberland County
today. In his younger days he was in
much demand as a prompter at the old
time dances and five years ago he went to
New York and made records for the Ed-
ison phonograph, calling off quadrilles and
square dances. A short time ago, Mr.
Hazelton was prompter at the annual fire-
man's ball at Norway, where, for many
years, he has prompted at the annual
clerk's ball. He was presented with a
purse of gold by his old time friends."

there on account of the sickness of his
sister, who was in the hospital. The cri-
sis passed while he was there and he left
her on the road to recovery.

The funeral of Mrs. Herbert Rowe was
held at the M. E. Church Sunday after-
noon, Feb. 26 at 1 o'clock. Mrs. Rowe

Mrs. Charles E. Hammond

Everybody was surprised and shocked
to hear of the death of Mrs. Inez Briggs
Hammond. She went to the Eye and
Ear Infirmary, Portland and was opera-
ted on for tumors last week Wednesday
and was doing well until Friday night
she suddenly passed away. Her parents
were the late George Henry and Mary
Ellen Briggs and was born in West Paris,
May 8, 1880. About thirteen years ago
she married Charles E. Hammond, a tele-
graph operator for the G. T. R. R. A
few years after he had a nervous break
down from over work and had a serious
illness which caused a certain vacancy of
mind and while in years that have fol-
lowed he has regained in strength and
mind he has been very dependent on his
wife who in turn has been a very de-
voted care taker, always cheerful and
sunny with never a word of complaint,
happy in her loving service. Her lovely
many sympathizing friends and many a
happy turn was rendered them in con-
sequence. The sympathy of a wide cir-
cle of friends goes out to him who is left
to mourn his loss.

The flowers were very beautiful and
were tastefully arranged blanket fashion
reaching from the casket to the pulpit
filling in all the space also the top of
the casket, while the pillow and basket
and other pieces were on a small ket and
other pieces were on small tables. The
funeral was held Monday Feb. 27 at 2
p. m. in the Free Baptist Church, Rev.
C. G. Miller of South Paris officiated.
The Rebekahs and Stars attended in a
body.

sisters Mrs. Carrie Lord of Massachusetts,

ENJOY A CLEAN HOME THE YEAR 'ROUND

The most frequent question asked by visitors to day in the quarter-million Apex homes is, "How do you keep your house so clean?" And the answer invariably is, "It's my Apex. I couldn't keep house without it. I use it every day."

Today, every housewife recognizes the advantages and benefits that an electric cleaner gives. But before buying an electric cleaner, you should make sure of two things—that it cleans evenly across its entire nozzle width—and that it will clean under low-built heavy furniture. You will never be satisfied with any cleaner that does not do these things.

These two advantages are conspicuous features in the Apex Cleaner. (1) Only with the Apex is the suction applied evenly across the 13-inch nozzle opening. The exclusive divided or twin chamber designs make the suction on the ends as powerful as it is at any point between. (2) And only with the Apex can you clean under things as well as around them. The exclusive inclined Apex nozzle gets under radiators and low furniture, hooks around table legs, goes square up to baseboards, edges into corners, and gets the dirt wherever it is.

The aluminum lightness of the Apex insures its housewide use: without effort, it enables you to clean with an ease and thoroughness that no human exertion can approach. Your floor coverings and furnishings keep their color, softness and vitality. And without sacrificing health and cheery disposition—your house is always clean—a better place to live in—and a safe playground for the children.

Assessors of Taxes to Return List of Dogs to State Treasurer

Section 101. Assessors of taxes shall include in their inventories lists of all dogs owned by or in possession of any inhabitant on the first day of April, setting the number and sex thereof opposite the names of their respective owners or persons in whose possession the same are found, and make a return to the treasurer of state of said lists and also of the number of dogs killed, as required by section 106 of this chapter on or before the fifteenth day of June following; and if any city or town fail to return to the treasurer of state on or before September first of each year, a sum of money equal to the license required by this chapter on all dogs living on the first day of June preceding, such deficiency shall be collected in the same manner as the state tax of such delinquent city or town for the following year.

DOGS TO BE REGISTERED, NUMBERED, AND LICENSED

Section 102. Every owner or keeper, on the first day of April, of a dog more than four months old, shall annually before the tenth day of said April, cause it to be registered, numbered, described and licensed for one year commencing with the first day of April aforesaid, in the office of the clerk of the city or town where said dog is kept, and shall keep around its neck a collar distinctly marked with the owner's name and its registered number, and shall pay to the clerk for a license the sum of one dollar and fifteen cents for each male dog and for each female dog incapable of producing young, to keep, and five dollars and fifteen cents for each female dog capable of producing young. Any person becoming the owner or keeper of a dog after the first day of April, not duly licensed as herein required, shall within ten days after he becomes the owner or keeper of said dog, cause said dog to be described and licensed as provided above. Every owner or keeper of dogs, kept for breeding purposes, may receive annually a special kennel license authorizing him to keep said dogs for said purpose, provided he keeps said dogs within a proper enclosure. When the number of dogs so kept does not exceed ten, the fee for such license shall be \$10.15; when the number of dogs so kept exceeds ten, the fee for such license shall be twenty dollars and fifteen cents, and no fees shall be required for the dogs of such owner or keeper under the age of six months. Dogs covered by kennel license shall be exempt from the provisions of this section requiring registration, numbering, and collaring.

Section 103. The clerks of cities and towns shall issue said licenses and receive the money therefor, and pay the same to the treasurer of their respective cities or towns within thirty days thereafter, retaining to their own use the sum of fifteen cents for each license so issued; and the said treasurer shall pay the money so received to the treasurer of state on or before September first of each year, who shall credit the same to a fund called "Dog Licenses." Such clerks shall keep a record of all licenses issued by them, with the names of the owners or keepers of dogs licensed and the sex, registered number and description of all such dogs; provided, however, that the sex, registered number and description shall not be required of dogs covered by a kennel license.

TREASURERS TO KEEP SEPARATE

ACCOUNT

Section 104. The treasurer of each city or town shall keep an accurate and separate account of all moneys received and expended by him under the provisions of the preceding section.

PENALTY FOR KEEPING UNLICENSED DOG

Section 105. Whoever keeps a dog contrary to the provisions of this chapter shall forfeit ten dollars, five of which shall be paid to the complainant and five to the treasurer of the town in which the dog is kept, and in addition thereto shall pay the cost of prosecution.

WARRANTS TO BE ISSUED TO OFFICERS TO KILL UNLICENSED DOGS

Section 106. The mayor or clerk of each city and the municipal officers of each town or plantation shall annually within ten days from the first day of May issue a warrant returnable on the first day of June following, to one or more police officers or constables, directing them to proceed forthwith, either on complaint or cause to be killed all dogs within said city, town or plantation, not licensed, collared or enclosed according to the provisions of this chapter, and said constable or police officer shall or any other person may enter complaint against the owner or keeper thereof. On the first day of June, the mayors of cities and the municipal officers of towns and plantations shall issue to one or more police officers or constables a warrant returnable on the first Monday of the following February, directing said police officers or constables to cause to be killed forthwith any dog not licensed or collared according to the provisions of this chapter and to enter complaint against the owner or keeper thereof.

OFFICERS COMMANDED TO KILL DOGS

TO MAKE RETURN

Section 107. Each police officer or constable to whom the warrants named in the preceding section are issued, shall return the same at the time specified and shall state in his return on each warrant the number of dogs killed, the names of the owners and keepers thereof, and whether all unlicensed dogs within his precinct have been killed, and the names of persons against whom complaint has been made under the provisions of said section. Such officers shall receive from the city, town or plantation the sum of two dollars for each dog killed, and for such other charges rendered under the provisions of this chapter they shall receive such compensation as the municipal officers may determine.

BEAUTY AND UTILITY UNITED

To the pleasures of serving electrically toasted bread at the table the new designs in toasters add distinction in appearance. Graceful lines and a silvery finish enhance the beauty of any table service.

Recent patents make it possible by a slight pressure on a knob to turn the bread around as it toasts.

The Electric Toaster is a friendly and companionable gift for any occasion.

Attention Norway Citizens

Some ex-service men have said Norway did all they could for us while we were in the service but when we came out they soon forgot.

We want the men and women of Norway and vicinity to know that such remarks do not originate on the tongues of members of the American Legion. We, the members of the Wm. Henry Stone Post of American Legion, want you to know that we believe and go on record as saying that the people of Norway are giving us a substantial and generous support in every way. As it is impracticable to individually thank the men and women voters of Norway for their generous assistance given us at the town meeting held March 6, we take this opportunity and method of expressing our sincere gratitude.

Band Concert and Ball

The concert by the Norway-Paris band and ball at Norway Opera House Friday evening, March 17, promises to be one of the most popular home talent entertainments and will be largely patronized.

The band with A. J. Stead and leader has prepared a fine musical program so arranged to please all tastes. Some of the best grade numbers with a generous sprinkling of latest syncopation will be rendered by a well balanced band of twenty-four pieces.

Dancing will follow the concert, music by the Norway-Paris band and orchestra which made a favorable impression at the Firemen's Ball. The dance order will feature numerous contras, especially before intermission to accommodate many not favorably impressed with jazzing.

Floor tickets are being sold by the bandsmen and balcony seats can be checked at Stone's Drug Store, beginning March 13.

RESOLUTIONS OF RESPECT

Whereas our Alvin Heavenly Father has once more seen to rest our dear, dear son, sever our fraternal ties; again we as a body have been called upon to mourn; again we as individuals have paused in our worldly activities to meet the Reaper, Death.

Resolved, that Julian Rebekah Lodge in its tribute to the memory of our dear son, Ernest Thompson to say that the shadows of our sadness are deepened by the knowledge that other hearts are yet more sad than ours.

Resolved, that we bow in humble submission to the will of our Heavenly Father.

Like the drops that fall the ocean, And become a mighty force, So the myriads of Rebekahs Can unite and be a source.

Of a strong and upward current, Carrying on to many a land, All the precepts of our order, And the duty of each hand.

Like the sea that never faileth, May our good deeds have no end, May they fall on distant shores, Like the pebbles on the sand.

May the strangers grasp and hold them, 'Till they seem at first uncouth; Finding there's a richer treasure, Than of Friendship, Love and Truth.

May we gather of these Jewels, So to scatter on our way, And by Him will be rewarded, In the last and perfect day.

Resolved, that this testimonial of respect be recorded on our books; a copy sent to the Norway Advertiser for publication, and copies forwarded to the families of our departed sister, and that our Charter be draped for thirty days.

AN UNUSUALLY BROAD SHOWING of New Spring Merchandise IS BEING SHOWN HERE

Many customers are purchasing now. The early purchaser has many advantages, being the first to wear the new styles, securing a longer seasons wear while the style is good, and usually a better made garment than later in the season when the rush is on at the manufacturer's.

New Sport Coats

We might describe each coat in detail, but even then you would be unable to picture just how smart and good looking they are. The better plan is for you to come into the store and try them on. Many are lined with beautiful silk.

Many new styles and colorings.

\$13.50, \$14.95, \$16.50, \$19.75, \$24.75, \$27.50,
\$29.75, \$34.75, \$42.50, \$59.50.

NEW TWEED SUITS

Tweed Suits, homespun, too—how good they are to look at, how free and easy to wear. This variety—short semi box, medium three button, or long tailored styles, in new shades, orchid, several shades of tan, mixed shades of blue and green.

Jersey and Sport Spun Suit \$12.50, \$16.50.

NEW TRICOTINE SUITS

Dress Suits are navy blue mostly, of the very desirable tricotine. A large number of becoming models, some are beautifully embroidered, others trimmed with braid and self material bands, lined with plain color peau-de-cyenne or fancy figured silk.

Dressy Suits \$24.75, \$27.50, \$29.75, \$34.75, \$37.50

NEW SPRING SHIRT WAISTS

The importance of an attractive waist is being appreciated by women more and more every day. They realize that when they remove the coat of their suit or even a big outer coat, the waist is the first thing seen. It is the dressy part of her attire. For that reason, waists of Georgette and crepe-de-chine are favored. A very satisfactory choice of new waists are here.

Georgette and Crepe-de-chine Waists, \$5.95.

Natural Pongee Silk Waists, \$2.95.

Dimity and Voile Waists, \$2.45, \$2.95.

Our Ancestors Treated Constipation Naturally

Constipation is as old as the world. Most people must fight it from birth to death. Some use harsh cathartics or metallic drugs that force relief, but do not strengthen the organs so that they perform their functions normally.

Our early ancestors turned to Nature for pleasant relief. From herbs, barks, roots and leaves blessed with laxative properties, they prepared a pleasant effective extract. Such a remedy as our forefathers made is Dr. True's Elixir, the True Family Laxative and Worm Expeller. Prescribed by his patients originally seventy-one years ago by Dr. J. E. True, a conscientious Maine country doctor, it has become a household favorite. Contains no metallic drugs—just pure extracts that purify the bowels as they cleanse. Used over 70 years. 40c, 60c, \$1.20.

Why They Wear Out

Every battery has two kinds of wear—the natural slow wear due to use, and the more rapid wear that comes from abuse.

Keep the proper amount of water in your battery by putting in a little every two weeks. Test with the hydrometer to make sure there's enough charge. Come in to Battery Headquarters at the first faint sign of trouble.

Then your battery will wear out slowly and gradually, giving you uninterrupted service at lowest cost per month and per mile.

Paris Revaluation and Equalization For the past two seasons, Mark E. Perry of Sweden and Gardner H. Rankin of Hiram have been making a revaluation. The result has been printed and a comparison showing the changes from the 1920 valuation to what the commission think is a fair valuation. It has the value of coming from unprejudiced and disinterested persons as their judgment of what is fair.

The total valuation of the town has been increased a little over half a million and 351 pieces of property have been decreased from the 1920 local assessors estimate, \$75,410.00.

The commission says: "The object was to let each dollar's worth of real estate bear its proportional share of taxation, whether the title be in the hands of the wealthy or in the hands of the most humble citizen."

From the last two printed reports, we find the cost of getting this to be about ten thousand dollars or to be exact, it is as follows:

M. E. Perry received.....\$4,891.71
G. H. Rankin received.....4,147.89
Board paid was.....799.55

When the printer's bill is paid for getting out the report, the expense will be about as stated above.

George Davis is recovering from the effects of a fall while shoveling snow from the Congregational parsonage roof. The X-ray examination at the Central Maine General hospital revealed a badly sprained foot and ankle with no bones broken. He is convalescing at his home here and will be confined to the house several weeks.

At the Town Meeting in South Paris on Monday the 6th, the matter of a Union High school was brought-up, and while there was nothing in the warrant to be acted upon, and no definite action could be taken, it was requested that the people show their sentiment in the matter and a show of hands was asked for. A very enthusiastic response was made, and moderator Walter L. Gray reported a vote against the proposed union school building of about three to one. This would indicate that the carrying out of the proposed plan will be extremely doubtful.

The officers of Paris Lodge, F. and A. M. have been installed by Past Master Ernest J. Record, assisted by Past Master Harry I. Lowell as marshal, as follows:
W. M.—Irving O. Barrows.
S. W.—William L. Frothingham.
J. W.—A. French Stevens.
Treas.—William P. Adgton.
Sec.—Harold C. Fletcher.
Mar.—Charles H. George.
Chap.—L. P. Schoff.
S. D.—Robert Hemmaway.
J. D.—Robert E. Wise.
S. S.—Edward R. Swan.
S. S.—Edward B. Shaw.
Tyler—Thomas Clegg.

John Sweet is visiting his daughter, Mrs. Fanny Taylor at Bryant's Pond. The men of the Deering Memorial church will serve a chicken pie supper, Friday evening, March 17. Mrs. Alice Bonney Record of Auburn will be the reader of the evening.

Dr. C. M. Merrill, who recently bought the Louise J. Briggs building in Market Square, has moved to his new home and carpenters are extending the front and side of ground floor the width of the piazza and making some other alterations and improvements. W. P. Morton, who lived in the down stairs rent has moved upstairs in the rent now occupied by Mrs. Briggs. Mrs. Briggs intends to build a residence on Pine street as soon as the frost is out of the ground, to be occupied by herself and Mr. and Mrs. Morton, but both families will live in the

NORWAY AND VICINITY

Mr. and Mrs. Arthur Reynolds of Auburn are working at the Cummings dowl mill. There will be a "tacky" party at the Heywood Club Hall Saturday, March 18. Everybody will wear their old clothes or pay a tax. Prof. Edward H. Brown spoke at the Mothers' Club Hall, Norway Lake, Wednesday evening, the subject was "Character Building." The lecture was well attended and considerable interest was shown by the questions asked after the demonstration. A social hour followed. The Royal Neighbors of America met in Woodman Hall Wednesday evening. A fine supper was served at 6.00 p.m., with Alice Blaquiere and Geraldine Wood in charge. Regular business was called to order by Orville Alice Blaquiere. Several guests were present including District Deputy John Kilgore of Augusta. The Ladies of the Farm Bureau are to hold a two day remodeling meeting, Friday and Saturday at Grange Hall. Each member is asked to carry ruler, pencil, paper and sewing equipment such as scissors, pins, etc., and any garment they wish to make over or change. It is suggested by the Home Demonstrator that each garment is ripped and cleaned if necessary and all ready to work on. If any one has a pattern they wish to use or think someone else might use to carry that along too. The most satisfactory use for discarded garments is to make children's clothing and the following suggestions are offered in hopes they may help to decide what to carry if not already decided upon. The following suggestions are made: Coats or suits made into dresses for adults or children; pajama slips or silk dresses into petticoats; dresses into waists; men's trousers into boy's trousers; men's coats into boy's coats, or suits, or into girl's coats; wash skirt into middie, wait, rompers, petticoat or apron; knitted underwear into children's underwear; night gowns into children's petticoats, drawers, or chemise; men's shirts into child's rompers, dress, apron, suit or sport shirt. This meeting will be most helpful and enjoyable and it is hoped every member will be on hand. Dinner both days, each member to carry something.

Elizabeth Crockett Blake Tent, Daughters of Veterans held a regular meeting Friday evening with good attendance. The Tent has received an invitation to go to the Mother's Club hall this spring for an evening of profit and enjoyment. It was voted to have an apron sale sometime in April, and lunches will be served during the afternoon and a dance in the evening. The following committees were appointed: aprons, Mrs. Elizabeth Sampson, Mrs. Emma Swan, Mrs. Nina Felt, Harriet Knight, Mrs. Lola McAllister, Mrs. Eva Foggy, Mrs. Ida Gammon, Mrs. Bessie Hutchins, Mrs. Nettie Whitman; Refreshments, Mrs. Nettie Noyes, Mrs. Mildred Nevins, Ruth Libby, Mrs. Tena McAllister, Ruth Marston, Mrs. Evis Cook; Candy, Mrs. Mary Kimball, Mrs. Rubra Sharon, Carrie Tucker, Emogene Hunt, Tena McAllister, Mrs. Laura Thurston. The date will be announced later with further particulars.

Baseball is in the air and a public meeting will be called soon to put kids under the Twin Towns Club. Masterman, Fuller and other players of last season have been signed with the first two named stars in full charge of the team. One or two local players will be given a trial for a permanent berth if speedy. It is understood the frame work of the outfit will be practically as last year and only fast traveling clubs will be considered as opponents. Mrs. Janette Russell Pratt is assisting in the millinery store of H. M. Taylor during Mrs. Harry V. Cole's absence. A large advance sale indicates a big time at the Norway-Paris band concert and dance Friday evening, March 17. Six concert numbers will be rendered by the band of twenty-four pieces, dancing follows at 9 o'clock, music by the Norway-Paris band orchestra. An old fashioned time is planned with contras featured before intermission. Proceeds are for new instruments in anticipation for a series of summer concerts.
